

Google Home Trivia App Open Source Software Selection Report

Team MGN

Joseph Olin, Ben Pister, Michael Roark

Node.js

Pros

- MIT License makes very adaptable
- Governed by a Community Committee
- Popularity
- Documentation available
- Training available

Cons

- Governed by a Community Committee

Google Actions SDK

Pros

- It's Google supported
- Competent community
- API documentation
- Very scalable
- Run by developers

Cons

- Fairly new
- Few tutorials
- Limited API documentation

MongoDB

Pros

- Active community
- Research resources are abundant
- Offers Enterprise License
- Active QA
- Scales well to our project
- Patches performed regularly

Cons

- Can be difficult to get everyone onboard
